SOBRE A CRETA - PISOS E REVESTIMENTOS CIMENTÍCIOS

QUEM SOMOS

Localizada em Criciúma, no Estado de Santa Catarina, a empresa atua no mercado de bordas de piscina, pisos e revestimentos cimentícios desde 2010. As idealizadoras da marca, as irmãs Camila e Graziella Bitencourt, sempre atentas às novidades e tendências do mercado, buscam desenvolver produtos sempre atuais e modernos focando na sustentabilidade, na personalização e na entrega de um produto exclusivo e de alta qualidade, permitindo assim as mais diversas paginações para ambientes de áreas internas e externas.

NOSSOS DIFERENCIAIS

Todos os nossos pedidos são feitos sob demanda, ou seja, exclusivo para cada cliente. Todo atendimento se dá de forma humanizada desde primeiro contato até a obra finalizada. Prezamos pelo bom atendimento, qualidade dos produtos e a satisfação de nossos clientes.

CONHECENDO A MATÉRIA PRIMA

Desenvolvido de forma artesanal, unindo estilo, design e inovação, a fusão da matéria prima do concreto, juntamente com pigmentos coloridos inspiram formas e cores deixando o ambiente sempre atual para fazer parte da história da sua casa.

Todos os nossos produtos são testados pelos mais conceituados centros e institutos de pesquisa e tecnologia, garantindo assim segurança e uma experiência única aos nossos clientes. A história da Creta é destacada pelo investimento no talento de designers para trazer vida, aconchego e memórias para produtos que farão parte do seu projeto.

SUSTENTABILIDADE

Os nossos pisos e revestimentos são ecologicamente corretos, pois o processo produtivo não utiliza fornos evitando assim emissão de gases poluentes na atmosfera. Toda a água utilizada no processo é reaproveitada e a secagem dos produtos acontece de forma natural com a temperatura ambiente sem a necessidade de fornos e energia elétrica.

A nossa história caminha em direção ao futuro, menos água, menos energia, mais sustentabilidade.

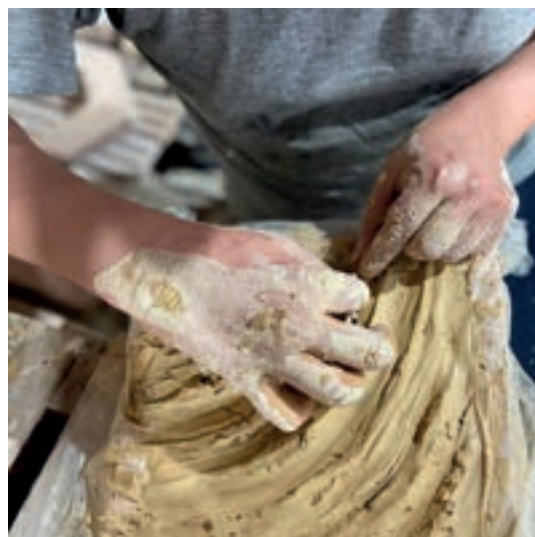

LANÇAMENTO

REVESTIMENTO

MAIOLICA

A essência da terra expressa em gestos artesanais através da modelagem da argila presente no revestimento "Maiolica". Uma proposta irreverente de módulos 20x20cm para revestir paredes internas e externas, combinando formas orgânicas simples e texturas primitivas do próprio barro. Uma aposta na natureza para dentro dos ambientes, e na busca pelas nossas origens através do elemento terra.

REVESTIMENTO

HERBARIUM

Buscamos inspiração nas formas vegetais para conceber o revestimento "HERBARIUM". Linhas simples e estilizadas foram gravadas sobre a argila, gerando uma superfície contemporânea, singela e natural. Uma proposta de revestimento de parede em pequenos formatos, com grafismos orgânicos sobre uma textura suave e terrosa.
